Astrology Column

Murli Menon

by Murli Menon

For those who believe in predictions, no explanation is necessary, for those who disbelieve in predictions, no explanation is sufficient. After the lockdown period, interest in palmistry, tarot reading and astrology has peaked and we conducted several zoom live webinars for believers, pan India and we have decided to start this weekly column on sunsigns and their weekly outlook.

ARIES (March 21-April 19) This week, you will seek to attend mental, intellectual and cultural webinars. Meditation, higher learning and religious books will bring a flow of energy to yoursoul. You are likely to meet a sympathetic, sensitive friend online.

TAURUS (April 20-May 20): This is a very lonely week. If you're attached, you'll grow closer through social networking. Being social wins: chasing chases him/her away. Your lockdown situation brings you both burdens and joys - combine the two by attending an online course togethet with your loved one. Refuse boredom!

GEMINI (May 21-June 20): You will get a surprise friend request from a long lost school classmate and this will be the beginning of a new friendship during the lockdown period. Your money troubles will start, as payments expected to be credited will be delayed by technical glitches. You are advised to stay at home throughout the week.

CANCER (June 21-July 22): If you are looking for a new job, you will receive some good news and you will be shortlisted for your dream job after your long delayed interview materializes this week. Your online interview will result in a job offer.

LEO (July 23-August 22): You will be able to focus on your unfinished manuscripts you were working on prior to this lockdown. The first draft of your maiden book will be nearly completed by end of this week. You will also be contacted by a freelance editor, who will offer to proofread your manuscript online.

VIRGO (August 23-September 22): You will receive good news about the health of a loved one. Your online yoga workshops will attract more participants and you will receive requests for more of your yoga sessions from friends of participants who attended your first session.

LIBRA (September 23-October 22): You will be disappointed with one of your close friends when you seek their help for a good cause. You will donate to local charities, who are providing food to the less priviliged as you strongly believe that what goes around comes around.

SCORPIO (October 23 - November 21): You will throw temper tantrums at home which will not go down well with your family members. We advice you to keep your temper in check and devote yourself to cleaning your wardrobe and donating clothes and shoes to the less privileged.

SAGITTARIUS (November 22-December 21): You should stay at home, as there is a chance that you may be caught for curfew violations during the lockdown. Please try out new recipes in your kitchen during this week.

CAPRICORN (December 22 - January 19): You will be watering your kitchen garden and spending time taking care of your oets this week. You will be prone to taking frequent power naps and could find it difficult to sleep at night.

AQUARIUS (January 20-February 18): You will be facing issues with your electronic gadgets including your mobile and Wifi connectivity. You are recommended to exercise more and eat less as you have a tendency to postpone exercising. You will spend long hours talking to a stranger in the later part of the week.

PISCES (February 19 - March 20): You will be invited to address an important webinar this week, which was long getting delayed. You will be counselling a few relatives who are felling low and staying alone during the lockdown. Do not lend money this week, as borrowers may delay repayments. Avoid online payments to safeguard your hard earned money.

The "Boris Locker Room" case has shocked many who thought it was cool to share pictures and jokes in private. The case has taken the social media by storm. Instagram, the platform used for sharing obscene picture of girl classmates, is in court and the boys who created this private chat room were arrested. Of course, nothing was in public domain and all the sharing was in private. The images shared were per se not objectionable and in all likelihood, they had been obtained by simply visiting the profile of the

COVID era prompts Moha

TC Bureau Mohali: A techie couple from Mohali near Chandigarh has made the PM's call for local innovation, self reliance & the need to promote Swadeshi a reality. The need for a local solution to the economic slowdown due to COVID 19 pandemic has led a Mohali based dynamic techie husband-wife duo – Sumit(38) & Manisha Soni(37) to create a path breaking app Magikkart. The homegrown app is slated to help traditional businesses which are mainly based on the brick & mortar format, become online savvy in a record time of 7 days. Magikkart has been developed under the banner of Mohali based ZapBuild Technologies a start up founded by Sumit & Manisha Soni, which has now gone global.

Sumeet Soni said, "Though lockdown restrictions like curfew etc have been lifted, people are very wary of going out to shop as the fear of COVID 19 lingers. In this scenario Magikkart wil provide a complete safe and contactless delivery experience. The app will help retailers take the E Commerce route in what I call is a jiffy-7 days flat. In this time frame we will customize the app according to
